Flashlights

▶ Flashlight provides a high-intensity light beam. Change from a narrow beam to a flood with a twist of the wrist. Includes an extra bulb installed in the compartment of the tail cap. Requires two D cell batteries (not included).

NSN 6230-01-291-7531

Price \$17.09 (EA)

▼ Keep this handy for general use. Standard flashlight includes a three-way switch for on, off, and flasher functions plus a diffused-light lens with red and blackout filters. Has a straight, molded plastic case and comes with one PR-6 bulb installed plus one spare bulb. Requires two D cell batteries (not included). Diameter: 2-1/4". Length: 9" **PRIME**

NSN 6230-00-270-5418

Price \$6.70 (EA)

▶ Specially designed for directing vehicular traffic and for other signaling purposes. Straight plastic body with cone-shaped traffic baton is watertight and includes a 30-1/2"-long nylon cord affixed to a mounting ring. Features a three-way switch for on, off, and flasher functions. Multi-colored (red, amber, green, blue, and blackout) removable filters are provided. A clear, prefocused spot lens concentrates light in a specific area. Comes with one PR-6 bulb installed plus one spare bulb. Requires two "D" cell batteries (not included). Diameter: 2-1/4". Length: 15-1/4". **PRIME**

NSN 6230-00-926-4331

Price \$8.05 (EA)

▶ Tube-shaped flashlight has a three-way switch for on, off, and flasher functions. Features a roll-resistant design and a clear, prefocused spot lens. Heavy-duty model comes with one PR-2 bulb installed, plus a spare bulb that is stored in the watertight plastic case, with hanger ring. Requires two D cell batteries (not included). **PRIME JWOD**

NSN 6230-00-163-1856

Price \$4.30 (EA)

▶ Explosion-proof and heat-resistant flashlight is specifically designed to resist dust, water, and fumes. It is specially suited for use in areas where danger is present from possible explosion of combustible gases, dusts, or explosives. Also suitable for shipboard use. Features a three-way switch for on, off, and flasher functions. Includes one PR-6 bulb installed plus one spare bulb. Requires two D cell batteries (not included). Meets MSHA for safe use in methane-air mixture in accordance with UL 783 Class I, Division I, Groups C and D. Diameter: 3" (at lens cap). Length: 8-1/4". Black & Yellow.

NSN 6230-00-299-3035

Price \$10.07 (EA)

featured products

◀ Lightsticks (Chemlights)

Chemical lights, commonly known as Chemlights, are a non-toxic, non-flammable source of light. These lightsticks are good for emergency, safety, and signaling uses. They provide safe, effective light without heat, sparks, or flame. To activate, a user bends the plastic lightstick, breaking the inner glass vial. Chemicals from the broken glass vial mix with chemicals from the plastic tube to deliver a light-creating chemical reaction. Self-contained, compact, rugged, and waterproof.

Price \$12.03

▶ Chemlight Trip Mechanism

Although Chemlights are ordinarily activated by hand by bending and snapping, this trip mechanism enables a user to activate a Chemlight from a distance. When user pulls on trip cord, a spring device strikes the lightstick, breaking the inner glass vial to deliver a light-creating chemical reaction. Furnished with one 6" Chemlight. Designed to work with all standard 6" Chemlights.

NSN 6260-01-247-2937

Price \$9.74 (EA)

▲ Chemlight Base

Holds 6"- or 15"-long Chemlight. Round, magnetic base adheres to most metal surfaces.

NSN 6260-01-255-3346

Unit of Issue BX (contains 25 EA)

Price \$59.21

▲ Chemlight Handle

Long-lasting plastic handle for 6"- or 15"-long chemlights.

NSN 6260-01-255-3345

Unit of Issue BX (contains 25 EA)

Price \$67.89

▼ Chemlight Shield

Shield used in conjunction with 6" Chemlights. Furnished with recess for ground pegs, one keyhole clip, one reinforced clip, and one map light peephole. Diameter: 1.062". Length: 6-3/4". Army Green.

NSN 6260-01-196-0637

Price \$2.00 (EA)

buying guide

Paper Shredder Buying Guide

Protect Your Privacy

Need help deciding what product is right for your needs? The buying guide was developed to provide additional product information that will help you make an informed decision.

Choosing the Right Shredder

Select the appropriate shredder based on the following criteria:

Daily Usage:

Think about how much you'll shred in a day, then double it! Most users shred twice as much as they think they will. Why does this matter? Because all shredders are not created equal! They differ in features like motor efficiency, duty cycle, speed and sheet capacity. Match yourself with a usage category in order to choose a shredder that is capable of your volume requirements.

Executive Level Paper Shredders

- Designed to accommodate small to large offices with a daily shredding capacity up to 14,000 sheets per day, depending on model.
- Exclusive POWERSHRED® cutting system accepts credit cards, staples, small paper clips and CDs (220-2 model only) without damaging cutters
- Jam protection shuts motor off if overloaded to protect motor from burning out
- Electronic start and stop feature provides the convenience of one-handed operation, saving time and simplifying use
- UL approved
- Industry leading 2-year warranty on the shredder and 20-year warranty on the cutting cylinder; 320HS model 2-year warranty on the shredder and 5-year warranty on the cutting cylinder

Small Office Paper Shredders

- Designed for heavy-duty desk side usage, with 1-3 users shredding between 50-100 times a day.
- Exclusive POWERSHRED® cutting system accepts credit cards, staples and small paper clips without damaging cutters
- UL approved
- 1-year warranty on the shredder and 7-year warranty on the cutting cylinder

Premium Deskside Paper Shredders

- Designed for medium-duty desk side usage, for individuals shredding between 25-50 times a day.
- Exclusive POWERSHRED® cutting system accepts credit cards, staples and small paper clips without damaging cutters
- UL approved
- 1-year warranty on the shredder and 5-year warranty on the cutting cylinder

buying guide

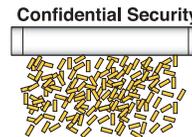

Security Levels:

STRIP CUT

Strip-cut shredders provide good security by shredding paper into unreadable strips

CONFETTI CUT

Confetti-cut shredders cut paper into small confidential-security, unreadable pieces. They also significantly reduce waste bulk*

High-security, confetti-cut shredders have been evaluated by NSA and meet the requirements of NSA/CSS specification 2-01 for high-security, cross-cut paper shredders*

Sheet Capacity:

Sheet capacity is defined as the number of sheets that can be fed through the mouth of the shredder at one time (based on 20 lb. paper). Sheet capacity is one of the factors in determining how quickly you can complete your shredding job.

Did you know that up to 90% of all office waste by weight is paper according to the Environmental Protection Agency and 77% of all solid waste in a commercial building can be recycled? (www.cafr.org/office_guide.htm). What can you do to reduce your office waste, help the environment, and cut costs? You can purchase copier paper and envelopes using post-consumer material. All GSA Global Supply paper products are compliant with the EPA's Comprehensive Procurement Guidelines (CPG).

◀ Gator Serrater Pocket Knife

This multi-purpose, single-blade, folding knife is made of high carbon stainless steel with a nonglare satin finish on the blade. The 3.75" blade has a smooth sharpened edge from the point to approximately the middle of the blade, and the balance of the blade has a serrated edge. The knife has a safety feature that pauses the blade halfway through rotation to prevent accidental opening or closing. The handle is rubberized with a non-slip grip that includes a separate contour for the

index finger. This provides for a firm and comfortable grip. The blade lock release mechanism is located at the midpoint on the back of the handle and is activated by pushing inward. Provided in a heavy duty synthetic sheath with velcro flap closure and a belt loop. Fiscars, Inc. Gerber GATOR SERRATER p/n 06079 or Colonial Knife Company p/n J316. 8-5/8" (open), 5" (closed).

NSN 5110-01-369-9340

For customer service, call (800) 525-8027.

▼ E-Z OUT Jr. Serrated Knife

Lock-Back folding knife. High carbon, stainless steel, serrated blade with a non-glare satin finish. Has a removeable pocket clip. Features one-handed opening. Blade length: 2.5". 5-1/2" (open), 3-1/2" (closed).

NSN 5110-01-414-4920

Price \$21.97 (EA)

◀ Pocket Knife

The Gator-Mate features a 2-3/4" stainless steel, serrated blade with non-glare satin finish. Excellent for cutting through tough pieces of rope or webbing. The comfortable grip (formed from rugged Kraton® rubber) is molded around and through a fiberglass nylon reinforced frame. This knife's superior handle construction is indicative of Gator's durability. (The Kraton® handle cover is molded around and through the inner frame forming a two-stage molded handle that joins into a single piece.) Complete with black synthetic sheath with Velcro closure and belt loop. Length: 7-1/4" (open), 4-1/8" (closed).

NSN 5110-01-385-7235

Price \$24.92 (EA)

◀ **Pocket Knife (Single-Blade)**

This Gator multipurpose, single-blade, lock-back, folding knife comes with a simulated alligator hide rubber-encapsulated handle. The blade is a non-glare, satin finished, made of high carbon steel, 3-3/4" long. Furnished in black synthetic heavy duty sheath with velcro closure and belt loop.

NSN 5110-01-395-0291

Price \$30.92 (EA)

◀ **Multi-Tool (Tool Kit)**

This tool kit offers greater flexibility to the Gerber Multi-Plier Pocket Survival Tool. The kit contains a multi-plier tool (5110-01-346-5339), six stainless steel screwdriver bits, and a coupler that fits over the cross-tip screwdriver blade in the multi-plier. The screwdriver bits and the coupler are stored in a rubber bit holder with slots for each of the items, which has an extended gripping tab permitting easy removal from the sheath. The screwdriver bits are 1/4" hex inserts and consist of three flat-tip bits in sizes 12-14, 5-6, and 0-1, and three cross-tip bits in sizes Phillips #1, 2, and 3. Furnished in a black synthetic sheath with a velcro flap closure, a belt loop, and two pockets, one for the multi-plier tool and one for the rubber bit holder.

Lock-Back folding knife. High carbon stainless steel non-serrated blade with non-glare satin finish. Has a removeable pocket clip. Features one-handed opening. 5-1/2" (open), 3-1/2" (closed) Blade length: 2.5".

NSN 5110-01-414-4917

Price \$21.97 (EA)

GSA Global Supply gives you a good grip on all the tools you need—for measuring, cutting, and marking your projects.

◀ **Duct Tape**

Adheres readily to steel, galvanized sheet metal, and other materials. Pressure-sensitive adhesive conforms to irregular surfaces. Plastic-coated cloth tape is vaporproof.

NSN 5640-00-103-2254

Size Width: 2"

Color Silver-gray

Unit of Issue contains 60 YD

Price \$5.17 RO

NSN 5640-00-409-4265

Size Width: 2-1/2"

Color Aluminum foil

Unit of Issue contains 60 YD

Price \$12.16 RO

▼ **Electrical Tape**

Construct and repair electrical and electronic equipment with pressure-sensitive thermosetting tape that has a heat-curing adhesive. Use where high heat renders other tapes unsuitable. Features a glass-cloth backing. Roll has a 3" diameter core and a width of 1".

NSN 5970-00-686-9151

Unit of Issue contains 60 YD

Price \$12.88 RO

Electrical Insulation Tape ▼

Use for splicing wires and cables operating up to 2,000V in dry locations. Tape is 0.030" thick. Made of dielectric material rated at 350V per mil of thickness. Includes separator between layers. Tape is not resistant to ozone.

NSN 5970-00-184-2002

Unit of Issue contains 30 FT

Size Width: 3/4"

Price \$1.46 RO

Plastic, pressure-sensitive, dielectric can withstand 6,000 volts.

NSN 5970-01-463-5494

Unit of Issue contains 108 FT

Size Width: 3/4"

Price \$2.47 RO
